I am interested in the seperate functions of the »Real Time Suite«, please compile me an **offer** for:

☐ an update of my software

☐ the following functions/functional extensions

☐ Base Module	☐ Kernel Module	☐ System Module	
☐ Device Module	☐ Keybord Module		
☐ IoPort Module	☐ Memory Module	☐ Interrupt Module	
☐ Serial Module	☐ Filter Module	☐ USB Module	
☐ Clock Module	☐ Timer Module	☐ RealTime Module	☐ MultiTasking Module
☐ Packet Fast Module	☐ Packet Gigabit Module	☐ Socket Module	☐ CAN Module

☐ EtherCAT Master including Master Monitor

☐ Profibus Master
(Real-time Profibus-DP Master, Class 1 (2)

☐ CANopen Master including Master Monitor
(sends/recieves PDOs eventdriven or on request by the master)

☐ EtherCAT EoE Module (Ethernet over EtherCAT)
EtherCAT FoE Module (File over EtherCAT)

☐ MultiFunction Module (Real-time communication with multi-function extension boards for digital or analog I/O)

☐ Kernel Tracer incl. device-analysis
(Multi-source RealTime Logger/Message-Tracer)

remarks:
